EXCELLENCE CAMP
SPOTS FROM THE WORLD OPPORTUNITIES

WELCOME MESSAGE

It is with great pleasure that we welcome you to

the 1st American Heart Association Conference in Egypt, held in collaboration with Cardio Camp2026.

We are truly delighted to have such an exceptional gathering of healthcare professionals, researchers, and cardiology enthusiasts united by a shared commitment to advancing cardiovascular care.

This conference marks an important milestone in strengthening the bridge between global expertise and regional practice.

Over the course of this event, we will explore the latest American Heart Association CPR guidelines, discuss cutting-edge developments in cardiology, and deepen our understanding of one of the most critical emergencies in medicine—sudden cardiac arrest.

Through insightful lectures, interactive sessions, and collaborative discussions, we aim to enhance knowledge, inspire innovation, and ultimately improve patient outcomes. Your presence here reflects dedication to excellence and a passion for saving lives.

We hope this conference provides not only valuable scientific insights but also meaningful connections and lasting professional relationships.

Thank you for being part of this important event, and we wish you a productive and inspiring conference.
