27th JUNE 2024

1ST DEOSS CONGRESS

WELCOME MESSAGE

Dear esteemed colleagues and industry experts,

It is with great pleasure and excitement that we welcome you to the 1st DEOSS Congress (Dry Eye and Ocular Surface Disease Society) at the prestigious Grand Egyptian Museum, situated at the awe-inspiring Great Pyramids of Giza, on the 27th of June 2024.

This historic gathering promises to be a momentous occasion where leading professionals from around the world will convene to share knowledge, exchange ideas, and collaborate on the latest advancements in the field of dry eye and ocular surface disease.

This event promises to be a gathering of esteemed professionals and experts in the field of Dry Eye and Ocular Surface Disease from all corners of the globe.

We are thrilled to host this congress at such a magnificent location, where the rich history of ancient Egypt will surely inspire and motivate us in our quest for excellence in eye care.

We look forward to welcoming you all to this unforgettable event and to witness the impactful discussions and innovative presentations that will shape the future of eye health.

See you at the Grand Egyptian Museum!

Warm regards,

Sihem Lazreg
Congress President
Professor of Ophthalmology, Algeria

SPEAKERS

Prof. Sihem Lazreg

Owens and manages a private practice focused on treating ocular surface disease in adults and children in Algeria. served as an Associate Professor at the University Hospital Mustapha Bacha of Algiers in 1990 through 2008. obtained her Medical Degree from Algiers Medical University, completed residency at Mustapha Bacha University Hospital, and completed a fellowship at Paris Descartes University in France. She specializes in pediatric ophthalmology and ocular surface diseases: authored many manuscripts on severe allergies, including vernal and atopic keratoconjunctivitis, dry eye associated with Sjogren's Syndrome and graft-versus-host disease, and children's blepharitis.

Prof. David A Sullivan

David A Sullivan, MS, PhD, FARVO Founder Chair, Board of Directors Tear Film & Ocular Surface Society www.tearfilm.org Until recently - Associate Professor Department of Ophthalmology Harvard Medical School Senior Scientist Schepens Eye Research Institute

Prof. Elisabeth M. Messmer

Elisabeth M. Messmer, F.E.B.O., is part of the faculty at Ludwig-Maximilians-University Munich since June 1997 and was appointed professor in 2014. Her clinical specialties are medical and surgical cornea, ocular surface disease, and inflammatory diseases of the anterior segment of the eye. In addition, she is head of the department of Ophthalmic Pathology at LMU Munich. She is part of the Executive Committee of the German Ophthalmological Society (DOG), treasurer of the newly formed European Dry Eye Society (EuDES), and member of numerous organizations including DOG, TFOS, DOP, EOPS, and ARVO

1ST DEOSS CONGRESS

SPEAKERS

Prof. Christophe Baudouin

Christophe Baudouin is professor of Ophthalmology since 1995, Versailles Saint-Quentin - Paris Saclay University. He is chairman of the department of Ophthalmology III in Quinze-Vingts National Ophthalmology Hospital, Paris, president of the Medical Council and director of the University-Hospital Institute (IHU) FORESIGHT. From 2008 to 2022 he was also the Director of an INSERM-labelled research group, at Vision Institute, Sorbonne University. He is currently the president of the European Dry Eye Society, Editor-in-chief of the French Journal of Ophthalmology, vice-president of the French Glaucoma Society

Prof. Françoise Brignole-Baudouin

MD, PhD, is head of the ophthalmobiology laboratory at the Hôpital National de la Vision des 15-20 in Paris and associate professor in toxicology at Paris Cité University. She has expertise in ocular toxicology, particularly in the toxicological evaluation of xenobiotics, chemicals, drugs or environmental pollutants on the ocular surface. She has developed a large set of in vitro and in vivo experimental models and currently uses modern omic-type technologies for biomarker investigations in dry eye disease. She was promoted to the rank of Knight in the Order of the Legion of Honor in 2023

Prof. Pooja Khamar

Pooja Khamar currently serves as a consultant in cataract, Dry Eye, and Refractive services at Narayana Nethralaya Eye Institute. Beyond her clinical responsibilities, she actively engages in translational research at her Institute and affiliated organizations, including GROW and IBMS Lab. Her academic journey includes earning a Ph.D. from Maastricht University in the Netherlands, focusing on "Wound healing in Refractive Surgery." Dr. Khamar completed her Post Graduation at NHL Medical Municipal College, Ahmedabad, and pursued her fellowship in CORE (Cataract Optics Refractive Excellence) at Narayana Nethralaya, Bangalore. Her areas of expertise encompass Cataract and Refractive Surgery, Dry Eye, and Keratoconus, with extensive practical experience in these domains

1ST DEOSS CONGRESS

SPEAKERS

Prof. Francois Majo

Francois Majo currently works in his private practice in Lausanne. He is Privat Docent at the University of Lausanne. François does research in Ophthalmology, on ocular surface, corneal graft and femtosecond laser, corneal disease, chronic inflammation of the ocular surface.

Prof. Rohit Shetty

Rohit Shetty is the Vice Chairman of Narayana Nethralaya Eye Institute. He is a Professor at Sri Devaraj Urs Medical College, India and an Adjunct Associate Professor at MS Ramaiah Medical College, Bangalore and is an Affiliate Associate Professor and PhD guide at the Maastricht University in the Netherlands. Prof. Dr. Rohit Shetty has over 200 Publication in peer reviewed indexed Journals. He is a Corneal Refractive Surgeon at Narayana Nethralaya Eye Institute, Bangalore, India. His other areas of work include Neuro-ophthalmology & electrophysiology. Prof. Dr. Rohit Shetty defended his PhD from Maastricht University, Netherlands on Understanding the Clinical, Immunological and Genetic Molecular Mechanism of Keratoconus.

Prof. Geetha Iyer

FRCS(Glasgow), FRCS(Ed), FRCOphth, completed her training in Ophthalmology and Fellowship in Cornea and External Disease from Sankara Nethralaya, Chennai, India in 2003. She has done a short-term observer ship in Ocular Surface Disorders with Dr Schaffer C G Tseng, Miami, USA in Oct 2006 and in Boston Type 1 keratoprosthesis with Dr Claes H Dohlman in Nov 2006. She was trained by Prof Giancarlo Faldinelli in performing the MOOKP procedure. She has so far done more than 300 keratoprosthesis surgeries (MOOKP, Boston Type 1 and 2 Kpro and osteo Kpro).

INSTRUCTIONS GALA DINNER

1. For women attending, the dress code is *soirée attire*. Choose an elegant and sophisticated outfit such as a cocktail dress or a formal gown. Make sure your attire is suitable for a special evening event at a luxurious venue like **BARANCCO RESTAURANT**. Accessories and heels can be added to enhance the overall look.
2. Men attending the gala dinner are expected to adhere to a formal dress code. This typically includes wearing a suit and tie or a tuxedo. It is essential to dress elegantly and appropriately for the grand affair.
3. The gala dinner is scheduled to commence at **08:00 PM**. Guests are encouraged to arrive on time to ensure they do not miss any part of the event. Punctuality is key to a successful and enjoyable evening.
4. Upon arrival at the Hyatt Regency Hotel for the gala dinner, guests should have their invitation card ready to present at the entrance. This is necessary for admittance, so it is important to have it readily available.
5. Please note that Alcohol will not be available during the gala dinner. The menu for the evening will consist of Egyptian and Oriental cuisine, offering a delightful and flavorful dining experience.
6. Entertainment will be provided throughout the night until the conclusion of the gala dinner. Guests can enjoy performances, music, and various activities planned for the evening. Immerse yourself in the festivities and make memories to last a lifetime.
7. Prepare to indulge in an exquisite evening of Egyptian and Oriental cuisine, entertainment, and camaraderie at **BARANCCO RESTAURANT** in Hyatt Regency Hotel, Cairo West.
8. Enjoy the lavish setting, delectable dishes, and memorable moments that await you at this prestigious event. □
