## SCIENTIFIC PROGRAM

# Welcome

On February 16 and 17, the International Annual conference of Eyeworld Hospital in collaboration with MEACO and EOS which will be held. The main theme this year is **"What's next"** while you are planning your career in Ophthalmology, when you meet a challenging medical case or you are stuck in a surgical case.

This year a keynote lecture is presented by Dr. Ahmed Yasser Soliman, a health reforms expert with his excellency, Professor Dr. Ahmed Awad Tageldin discussing the impact of health reforms in Egypt and the region on careers of our young ophthalmologists holding MSc. Or MD. Degrees.

We are also celebrating 25 years of Ophthalmic Cancer fighting in Egypt. Survivors of retinoblastoma who made it through their journey are presenting their lifetime experience as **"They live and They see"**. Efforts against cancer are rewarded by recognition of those who made it through the journey.

Interactive course this year will be held on February 17, at the Eye World Hospital venue. This year a course about phacoemulsification from basic to advanced. A second course about how to fit scleral and hard contact lenses to a severely irregular cornea in a trial to enable patients to see coping with the present lack of grafts for keratoplasty. A third course is about esthetics, performing blepharoplasty and how to use fillers and botox around the eye. Worldwide experts are delivering the course.

This scientific activity is held in a unique venue: **Abdeen Palace** which reflects the wealth of Egyptian civilization throughout history. This monarchical venue will hold a masquerade festivity along the music of Dr. Ahmed Awwad and the galal dinner.

As Eye World hospital is accustomed to do every year, our book this year: **The Guide in Ophthalmic practice** will cover **Uveitis and Ocular Masquerade**. We do our best to have practical clinic side knowledge at the tip of your practice.

Looking forward to seeing you

## Ihab Saad Othman, MD, FRCS

Professor of Ophthalmology, Cairo University  
Chairman, Eye World Hospital  
Conference Chairman

# Meet our INTERNATIONAL GUEST SPEAKERS

Professor  
**Ali Erginay,**  
France

Hôpital Lariboisière, APHP, Université de Paris

Professor  
**Farhad Hafezi,**  
Switzerland

Professor and Chairman of the Department of Ophthalmology of the Geneva University Hospitals, Geneva, Switzerland.

Professor  
**Moatez Billah Mekki,**  
Algeria

Ophthalmologist  
Anterior Segment Surgeon, Glaucoma, Ocular Surface and Contact Lens Specialist at Ibn Al Haythem Center in Algiers

Professor  
**Safwan Al Bayati,**  
UAE

FRCS (UK), FACS (USA), FICMS (Board OPHTH), MBCHB (Baghdad)  
Consultant Ophthalmologist | Medical Director New Vision Eye Center

Professor  
**Sameh E. Soliman,**  
KSA

Professor of Ophthalmology, Alexandria University, Egypt.  
Consultant of Pediatric Ophthalmology and Strabismus, SCFHS, Riyadh, KSA.

Professor  
**Sihem Lazreg,**  
Algeria

Sihem Lazreg owns and manages a private practice focused on treating ocular surface disease in adults and children in Algeria.  
She specializes in pediatric ophthalmology & ocular surface diseases.

Professor  
**Usman Mahmood,**  
England

Consultant Ophthalmic Surgeon  
Optegra Eye Hospitals  
Clinical Lead Newcastle

THANK YOU OUR GENEROUS  
*Sponsors*

# Dear Speakers,

You will soon be presenting at the EWH 5th International Congress "What's next?" and we want this experience to go as smoothly as possible for you.

PI Events will manage the Audiovisual and provide you with assistance before, during and after your presentation

The link will be closed before the Conference start by 24 Hours.

If you have more than one presentation, please upload them in numerical order.

If your presentation includes or contains a video file, please attach it along with your PowerPoint presentation.

Put a title to your presentation as same as your name.

Be informed that each presentation has a limited time.

No personal laptops are permitted for presenting presentation.

We require the latest updates of Microsoft and keynote.

Pre-recording video, to avoid any technical problem.

**SCIENTIFIC  
PROGRAM**

Thursday

16 FEBRUARY, 2023

ABDEEN PALACE, CAIRO, EGYPT

**EWH** 5<sup>TH</sup> INTERNATIONAL  
CONGRESS *What's Next?*

08:00 - 09:00 **Registration**

09:00 - 10:45 **Ocular Surface Disorders**

Moderator: **Tamer Elraggal**

**Basic:**

09:00 - 09:15

Dry Eye Disease: spectrum and how to diagnose

**Tamer Massoud**

09:15 - 09:30

Dry Eye in cornea and refractive surgery

**Tamer Elraggal**
